

**From:** Schmittdiel, Paula  
**Location:** EPA - Aspen room  
**Importance:** High  
**Subject:** Meeting w/CCOD on OU2 - VB/I-70  
**Start Date/Time:** Tue 3/25/2014 7:00:00 PM  
**End Date/Time:** Tue 3/25/2014 9:00:00 PM

We will be meeting in the Aspen Room in the EPA conference center on 2<sup>nd</sup> floor.

The purpose of the meeting is for EPA and the City to discuss a process for working together on the various environmental concerns near and on OU2 @ VB/I-70 and the many different development projects that are coming in along Brighton Blvd and I-70.

Just to name a few of the possible projects that the City is working on in this area:

- I-70 reconstruction - various drainage infrastructure crossing OU2
- Proposed re-development of industrial area across Brighton Blvd from the coliseum - change from industrial to residential (multi) use
- Transit lines/stations
- Re-development of the coliseum area ??

With all of this coming together fast (like within 3-6 months) the City needs a process for how to navigate the SF issues as well as the just ordinary environmental issues and do so in a timely manner with all of the players they are dealing with. They want to have a discussion with management and then bring in the attorneys to "paper it up" in an administration order or agreement or whatever. So they are not planning on bringing any attorneys to this 1<sup>st</sup> meeting.

Thank you.
